Process Outline – Community Engagement Planning for Future Schooling in Wakatipu Basin

Community Engagement

Led by independent facilitator, Dr Gabrielle Wall contracted by the Ministry of Education

Part One - June 2016
- Face to face meetings
- Sessions scheduled across community and open to the public

Purpose: To identify broad ideas, features and structures for future education planning.

Big picture focus:
- What is next following completion of Wakatipu Area Strategy Plan?

Part 2 - June/July 2016
- Online survey with comments
- Based on ideas generated in face to face sessions

Purpose: To explore the depth of support across the community for ideas generated during the face to face sessions.

Evaluative focus:
- What are the perceived strengths and weaknesses?
- How do these fit with community values?

Ministry options for future schooling
- Developed using information from community engagement

Purpose: To use the information from the community engagement to help develop options to provide for future schooling provision.

These will be reported to the Minister of Education, following which formal consultation may be required.
