SISI Update, June 2016

Tēnā koutou katoa

Many thanks to all of you for your feedback on the draft SISI Report. We received a large number of responses, all of which have been collated and are being taken into consideration. Overall the feedback has been positive and constructive, and will guide us going forward.

An updated report with minor corrections is now being reviewed and will be uploaded shortly.

Interface Xpo

The SISI team also took to the road during May to raise awareness of the initiative. Delegates at the Interface Xpo in Wellington, Taupo and Auckland were presented with the options from the SISI report and invited to give their feedback.

CLA Workshops

The Ministry's Connected Learning Advisory are continuing with the ‘Making best use of your student data’ workshops. These workshops are designed to support SISI by improving the use of SMS within schools. To view the remaining venues and reserve a space, click here.

Next Steps

SISI will now proceed by presenting a detailed report on the initiative to the Minister. We will continue to keep you up-to-date on the work of SISI as it proceeds.

As always, if you have any feedback or queries regarding the work of the initiative, please email delta.info@education.govt.nz.
