Together **“the parties”**.

BACKGROUND

- A.** In December 2016, NZEI Te Riu Roa notified the Secretary, in her capacity as a party to the Support Staff in Schools’ Collective Agreement between the parties, of its view that the remuneration rates of teacher aides reflected gender-based historical and current undervaluation. This became the Teacher Aide Pay Equity Claim (**“Claim”**).
- B.** The parties developed a process to assess and resolve the Claim. This process was consistent with the Reconvened Joint Working Group Principles for Pay Equity, and the Terms of Reference agreed between the New Zealand Council of Trade Unions (**“NZCTU”**) and the State Services Commissioner which were developed to help agencies and unions work through pay equity claims in the State sector.
- C.** In July 2017, Terms of Reference were agreed between the Secretary, NZEI Te Riu Roa, E Tū, and the New Zealand School Trustees Association (**“NZSTA”**).

- D. On 12 February 2020, the parties reached agreement on a proposed framework for resolution of the Claim.
- E. This Teacher Aide Pay Equity Settlement Agreement (“**Agreement**”) records the agreement reached between the parties to settle the Claim.
- F. The parties have had the support of E Tū in assessing and resolving this Claim.
- G. NZSTA, NZCTU, and the State Services Commission represent interested relevant agencies and as such are witnesses to this Agreement.

PURPOSE

- A. The purpose of this Agreement is to provide for pay equity and correct the identified undervaluation of teacher aides.
- B. By agreeing to this Agreement, the Secretary ensures that teacher aides’ remuneration is free from sex-based undervaluation and facilitates school Boards of Trustees to meet their own obligations to teacher aide employees.
- C. The terms of this Agreement are a recognition of the skills, responsibilities, conditions, demands and degrees of effort of teacher aide work. This Agreement recognises the significant contribution that teacher aides make to the personal, social and education outcome of the students they work with.
- D. The parties anticipate that this Agreement will have a positive impact on the way that the work of teacher aides is understood, respected and valued by their schools and our broader communities. This outcome is consistent with the Government’s commitment to increasing wellbeing – including reducing child poverty and increasing the wages of low-paid workers – and to achieving pay equity.

AGREEMENT

1 COVERAGE

- 1.1 This Agreement, if ratified as part of a variation to *the Support Staff in Schools’ Collective Agreement*, will bind state and state-integrated school staff employed by school Boards of Trustees who are NZEI Te Riu Roa members and who undertake work described in the Work Matrix Table set out in Schedule 1 to this Agreement, whether designated as a Teacher Aide or not.

- 1.2 If an employee's position description designates their role as other than that of Teacher Aide (e.g. Support Staff), but the employee routinely undertakes work or duties described in the Work Matrix Table set out in Schedule 1, the employee falls within the scope of this Agreement and is to be paid in accordance with this Agreement.
- 1.3 The parties agree to work cooperatively with employers to implement and apply the provisions and benefits of this Agreement to all eligible teacher aides.

2 AGREEMENT ON PAY EQUITY ISSUES

- 2.1 The parties agree that the new rates set out in clauses 2.2-2.9 below reflect pay equity, do not differentiate between male and female employees in the manner set out in section 3(1) of the Act and do not contain any element of sex-based differentiation or undervaluation.

Work matrix

- 2.2 The parties have agreed on a new Work Matrix Table for employees who, however designated or described, routinely undertake the work described in that table. The Work Matrix Table sets out the most common skills, responsibilities and demands that apply to teacher aides working within Grade A, Grade B, Grade C or Grade D. The Work Matrix Table is set out in Schedule 1 to this Agreement and will apply from 12 February 2020 provided the variation to the *Support Staff in Schools' Collective Agreement* is ratified
- 2.3 The table sets out the most common skills, responsibilities and demands that apply to Teacher Aides. The employer will need to assess the regular and ongoing skills/demands/responsibilities of each teacher aide role so that the grade recognises the highest level skills/demands/responsibilities that are required for competent performance of the role. An employer will need to consider what makes up the majority of the role, and not things that are a one-off or isolated event. Teacher Aides do not have to do every activity in a grade in order to be placed in a particular grade.

Pay rates

- 2.4 As part of settling the Claim, the parties have agreed on new pay rates for teacher aides, informed by an evidence report and wage rate comparator information. The table of Teacher Aide Pay Rates is set out in Schedule 2 to this Agreement. These pay rates will apply from 12 February 2020 provided the variation to the *Support Staff in Schools' Collective Agreement* is ratified.
- 2.5 Although the table in Schedule 2 sets out the agreed rates of pay for teacher aides, employers may treat the stated rates as minimum rates of pay and can agree a pay rate above the maximum of the rate for each Grade specified in the table.

- 2.6 The parties have also reached agreement on how employees will be translated to the new pay rates from 12 February 2020. The translation process is set out in Schedule 3 to this Agreement.
- 2.7 The parties have also reached agreement on the process for placing new employees within the Work Matrix Table. The placement on appointment process is set out in Schedule 4 to this Agreement.
- 2.8 The parties have also reached agreement on the progression steps to apply to the table of Teacher Aide Pay Rates. The progression steps are detailed in Schedule 5 to this Agreement.

Tiaki allowance rates

- 2.9 As part of settling the Claim, the parties have agreed on new Tiaki allowance rates applicable to eligible employees (both those who undertake this work occasionally and those for whom it is a regular part of their work). These rates are set out in Schedule 6 to the Agreement and apply from 12 February 2020 provided the variation to the *Support Staff in Schools' Collective Agreement* is ratified.

3 AGREEMENT ON MATTERS OTHER THAN PAY RATES

Professional Learning and Development Fund

- 3.1 The Professional Learning and Development Fund for Teacher Aides in the *Support Staff in Schools' Collective Agreement* will be enhanced, increasing the fund from \$0.790 million to \$2.290 million over 18 months with an effective implementation date of 1 July 2020. This fund will support the resourcing of professional development of teacher aides, including but not limited to funding attendance at training and / or professional development opportunities.

Variation of hours

- 3.2 An employer can currently vary the hours of work of a teacher aide once every 12 months as per clause 2.5 of the *Support Staff in Schools' Collective Agreement*. The parties agree that from the date of ratification of the *Support Staff in Schools' Collective Agreement* an employer's ability to vary the hours of work of teacher aides will be restricted to a maximum variation of 25% of the hours the teacher aide is currently employed to perform in any 12 month period.
- 3.3 The Parties agree that any such variation will require one-month notice (clause 2.5.1) and consultation (clause 2.5.3).

4 REVIEW

- 4.1 The parties agree that the pay rates set out in this Agreement will be reviewed in order to maintain pay equity.
- 4.2 The parties agree that they will align the work required to review the pay rates and retain pay equity with the collective agreement bargaining cycle. The first review will occur in 2023 (mid-cycle) to inform the following bargaining round.
- 4.3 The parties agree to consider a range of available information as part of that review, including but not limited to, trends in changes to the Labour Cost Index and Consumer Price Index, Treasury forecast of labour movement and Consumer Price Index, and trends in changes to the remuneration of the core comparator workforces (corrections officers, customs officers, and youth justice workers).

5 IMPLEMENTATION

- 5.1 This Agreement will come into effect on the date that it is signed by the Secretary and the National Secretary NZEI Te Riu Roa. For the avoidance of doubt the new pay rates for teacher aides will apply from 12 February 2020 provided the variation to the *Support Staff in Schools' Collective Agreement* is ratified by 3 July 2020.
- 5.2 This Agreement will cease to have any effect if the variation to the *Support Staff in Schools' Collective Agreement* is not ratified by 3 July 2020.
- 5.3 NZEI Te Riu Roa will hold on-line information/endorsement meetings at which this Agreement will be communicated to union and non-union members. All employees who routinely undertake work described in the Teacher Aide Work Matrix Table, whether designated as a Teacher Aide or not, will receive a \$25 gross payment for attendance at one on-line information/endorsement meeting.
- 5.4 The Secretary will encourage employers to encourage attendance by employees who routinely undertake work described in the Teacher Aide Work Matrix Table, whether designated as a Teacher Aide or not, at the on-line information/endorsement meetings.

Varying the collective agreement

- 5.5 The parties agree that a variation to the *Support Staff in Schools' Collective Agreement* will be necessary to implement this Agreement. The variation to the *Support Staff in Schools' Collective Agreement* is attached as Schedule 8.
- 5.6 The parties agree to take all practicable steps to achieve ratification of the proposed variation to the *Support Staff in Schools' Collective Agreement*.

- 5.7 The parties agree that the variation to the *Support Staff in Schools' Collective Agreement*, subject to ratification by union members, will be effective from 12 February 2020.
- 5.8 Employers will be encouraged by the Secretary, as soon as practicable after this Agreement comes into effect, to offer the provisions of this Agreement to non-union members undertaking work described in the Work Matrix Table set out in Schedule 1 to this Agreement, whether designated as a Teacher Aide or not.

Identification of issues

- 5.9 The parties agree that within 18 months of the date on which this Agreement comes into effect, they will discuss the operation of the processes established by this Agreement to identify any issues that have been drawn to the attention of either NZEI Te Riu Roa, the Ministry of Education, or NZSTA regarding the understanding by schools of how the new Work Matrix Table, pay rates, and progression arrangements should be applied.
- 5.10 Any report that arises from this discussion will be shared with SSC's Gender Pay and Pay Equity taskforce, to support the system development around pay equity processes.

6 GOOD FAITH

- 6.1 The parties will deal with each other in good faith on all matters under, or associated with, this Agreement.

7 RESOLUTION OF CLAIM

- 7.1 The parties agree that this Agreement is being entered into by the Secretary for the benefit of the individual school Boards of Trustees as the employers of teacher aides.
- 7.2 The parties agree that this Agreement is being entered into by NZEI Te Riu Roa on behalf of its members who fall within the coverage clause and that NZEI Te Riu Roa has the authority to settle the claim and reach agreement as to the claim on a full and final basis, subject to the variation to the *Support Staff in Schools' Collective Agreement* being ratified.
- 7.3 The parties agree that the process undertaken and the information collated to assess and resolve the Claim was suitable and sufficient for the parties to reach agreement on the Claim.

- 7.4 The parties agree that this Agreement is in full and final resolution of the Claim. The agreement reached reflects the parties view that it achieves pay equity and that there is no differentiation between male and female employees in the manner set out in section 3(1) of the Act. Nor will any claim be made that any remuneration paid to any teacher aide is subject to any differentiation or undervaluation based on sex.
- 7.5 No claim will be brought by either NZEI Te Riu Roa or an NZEI Te Riu Roa member covered by this Agreement against either the State Services Commissioner or the Secretary or a Board of Trustees seeking back pay for any period prior to which the Agreement comes into effect.
- 7.6 Nothing in this Agreement prevents either party from bringing a claim in the future based on a failure to review and maintain pay equity as required by clause 4 of this Agreement; nor from bringing a claim against the other party to this Agreement for a breach of this Agreement.

8 ADDITIONAL WORKFORCE MATTERS

- 8.1 During the investigation into the Claim, the parties identified three workforce matters which, the parties have agreed to progress under the Accord process. These matters are detailed in Schedule 7, but in summary are:
- a) A review of how schools are funded for employees who routinely undertake work described in the Teacher Aide Work Matrix Table, whether designated as a Teacher Aide or not.
 - b) An exploration of potential career pathways and professional learning and development for teacher aides under the Accord agreed between the Secretary, the Post Primary Teachers' Association and NZEI Te Riu Roa.
 - c) A review by NZEI Te Riu Roa and NZSTA of trends in fixed-term employment to inform the development of advice to employers.
- 8.2 These additional workforce matters will be incorporated into the variation to the *Support Staff in Schools' Collective Agreement* and in the event that either party considers that there has not been compliance, that party may seek a compliance order under the Employment Relations Act 2000. In all circumstances, the remainder of the Agreement remains valid, binding and in full and final resolution of the Claim.

9 COUNTERPARTS

- 9.1 This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which, taken together, shall constitute one and the same agreement.

10 PUBLICATION OF THIS AGREEMENT

10.1 The parties agree that this Agreement will be published by the Ministry of Education and NZEI Te Riu Roa on their websites as soon as reasonably practicable after it is signed in order to help promote understanding of the Agreement.

11 INTERPRETATION

2. The job description and/or written requirements for the role may be reviewed by the employer and teacher aide and may be updated as required by the employer following consultation with the teacher aide.
3. Substantial changes to the job description and / or written requirements for the position may not be made until after the employer has consulted the teacher aide and endeavoured to reach agreement.

SCHEDULE 4 – Placement on Appointment

1. The employer will determine job descriptions and / or other written requirements and the applicable Work Matrix Grade for all positions as part of the recruitment process.
2. Upon appointment, each teacher aide role, must be placed in a Work Matrix Grade (A, B, C, or D) using the Work Matrix Table set out in Schedule 1 above.
3. The Work Matrix Grade of each role will be determined by identifying one or more of the highest level skills / demands / responsibilities, as set out in the Work Matrix Table in Schedule 1, required for the competent performance of the role. The skills / demands / responsibilities must be a regular and ongoing part of the role; isolated or one-off demands must not be included. The employer should do this using the joint NZSTA / NZEI Te Riu Roa / Ministry of Education guidance provided for this purpose.
4. A teacher aide employed for two or more distinct positions, must be placed in the appropriate Work Matrix Grade for each position.
5. A teacher aide's pay rate can be at any point within the minimum and maximum rates of the applicable Work Matrix Grade as set out in the Work Matrix Table in Schedule 1. In determining the applicable pay rate the employer should also consider any particular skills and qualifications held by the teacher aide as well as any previous relevant paid or unpaid work experience.
6. Where a teacher aide has previously been employed as a teacher aide under a Support Staff in Schools' Collective Agreement, and the break in employment (including between employers) has been less than 12 months, based on information about their previous employment provided to the employer by the teacher aide, placement on appointment must take account of their previous service as follows:
 - a. Where the skills / demands / responsibilities of the new role is within the same Work Matrix Grade as the previous role, the starting step should be at least the step they last held.
 - b. The employer should also consider any particular skills and qualifications held, as well as any previous relevant paid or unpaid work experience undertaken by the teacher aide since they were last employed.

SCHEDULE 5 – Progression within the Work Matrix Grades

1. From 1 January 2021, progression through steps within the minimum and maximum rates that apply to each Work Matrix Grade will occur on a teacher aide's anniversary date each year, unless the employer considers that the teacher aide has failed to meet standards of performance as assessed by the employer against the job description or written requirements for the position, and has informed the teacher aide of this no later than two months prior to the progression becoming due.
2. Notwithstanding clause 1 above, from 1 January 2021 teacher aides who on their anniversary date have been on the maximum step of Work Matrix Grade B-C step 5 for at least 12 months, will progress to step 6, unless the employer considers the teacher aide's role remains solely within Work Matrix Grade B, and has informed the teacher aide of this no later than two months prior to the progression becoming due.
3. A teacher aide, who has the right to representation at any stage, may request their employer reconsider their salary progression.

SCHEDULE 6 – Tiaki Allowance

5. The Tiaki allowance for occasional or one-off Tiaki work as provided for in clause 2 above will increase by the same percentage increase as applied to Work Matrix Grade B-C step 5.
6. The new Work Matrix Grade B-C step 5 rate effective from 29 November 2020 is \$26.72 per hour (an increase of 3%) meaning the new hourly Tiaki rate will increase to \$2.67 per hour, and the occasional Tiaki allowance will increase to \$4.95 per day, as of 29 November 2020.

SCHEDULE 7 - Additional Workforce Matters

Reviewing how schools are funded for teacher aides

Following the Accord agreed between the Ministry, NZEI Te Riu Roa and PPTA, and the issues raised during the teacher aide pay equity claim the Ministry began scoping a review of how schools are funded for teacher aides. This initial work established that there are a range of potential options, including using a form of entitlement staffing, and each option will have its own implications, costs and benefits.

Like the development of the Equity Index, this is significant and complex funding policy work and the parties recognise the potential to contribute to improved outcomes for teacher aides, schools, students and their whānau. Because this work has significant implications for all schools, and for the provision of learning support to students with additional needs, engagement is required with a wide range of stakeholders including principals, educators including teacher aides, boards of trustees, education sector agencies and others.

The Ministry has proposed to use a sector reference group (like has been used for the Equity Index work) to help develop, test and refine policy ideas with representation from unions (including teacher aides), principals and key stakeholders. This group would meet regularly, with regular reporting on progress to the Accord Governance Group. In due course wider engagement on the changes, beyond this sector reference group, is likely to be required. This wider engagement could include, parents and whānau, the disability sector and the Ministry Youth Advisory group to refine and test proposals.

The Minister and Associate Minister of Education have approved starting this work immediately. Based on experience with the Equity Index work and other major school funding policy changes, it is expected the detailed policy work could take at least two years before development of any new systems and/or changes to existing systems and/or processes can begin. The Ministry is now scoping and planning the work in more detail.

The time horizon takes into account that, once the policy work is completed and decisions made, there is likely to be a reasonable lead in time before implementation. For instance, changes to the funding model may require changes to education payroll and school resourcing systems. These IT changes will need to be scoped, specified, written and tested before a new funding model can be implemented. The timeframe for making these changes will depend on the complexity of any new funding approach; they also need to be completed about six months prior to the start of a new school year so that they can be used to generate the annual provisional resourcing notices that are provided to school at the start of September. Accordingly, the work required following the completion of the policy work is estimated to require two to five years to complete, depending on the complexity of any changes. However, it may be possible to develop some system changes in parallel with the policy work.

Career Pathways and Qualifications

Context

From the information drawn from the teacher aide and supervisor interviews, current access to qualifications or professional development, and support for such training by employers and the sector is inconsistent across the schooling network. 46% of those interviewed had received limited 'on the job' training, with only 5% receiving formal induction or training.¹

The roles education professionals (including teacher aides) may hold and their career pathways are issues committed to as part of the Accord. This work will include consideration of paid professional learning development, qualification acquisition and recognition, along with training opportunities and career progression for teacher aides.

A career framework should value teacher aides as professionals, with clear expectations and recognition for building professional skill and knowledge, including the traditionally overlooked "women's skills", such as those used to manage a child's challenging behaviour, that are vital to the success of teacher aide work.

How the development and attainment of relevant skills and qualifications should be recognised and how they could support career progression is a consideration, in order to give effect to a comprehensive and well operating career pathways framework.

Recognition of expertise, the ability to achieve advancement through qualifications, and a system that recognises and supports teacher aide development, will assist teacher aiding to be a valued career choice.

Teacher Aide Career Pathways and Professional Learning Development

Scope

The Accord will establish a working group to explore potential career pathways to enable teacher aides to stay within the workforce so that their expertise and knowledge is retained, ways to support the work of teacher aides through consistent and recognised induction and ongoing professional development.

The work will be informed by shared interests including (but not limited to):

- Valuing teacher aides as professionals.
- To ensure qualifications are accessible and recognised
- To ensure quality professional development is accessible
- To develop clear career pathways
- To ensure teacher aide career pathways and professional development is sustainable and affordable.

By June 2020 the Accord will have agreed an initial date for this work to commence.

¹ Teacher Aide Pay Equity Claim Report, p12.

Understanding Current State

It is anticipated that, to inform the work, the Accord will need to begin with exploring the current state. The types of questions that will need to explore will include (but not be limited to):

- What qualifications and professional development are currently available?
- How many teacher aides have formal qualifications and/or are engaged in professional development?
- What value do teacher aides / employers place on qualifications and/or professional development currently available?
- What are current challenges to attaining qualifications and/or accessing relevant professional development?

Teacher Aide Professional Learning and Development Fund

The most recent settlement of the Support Staff in Schools' Collective Agreement established a \$790,000 (total) Professional Learning and Development Fund for teacher aides, it was agreed that accessing the Fund may require:

- A shared goal for developing the professional development system to support the development of career pathways
- Developing shared principles to guide the work
- Committing to clear milestones and time frames
- Committing to resourcing the work

This work is to sit within, and be governed by, the Accord and it is anticipated would support the work arising from this pay equity settlement.

Fixed Term Employment Agreements

Context

The current contractual and legislative settings allow boards to engage staff on a fixed-term basis where there are genuine and reasonable grounds to do so. [“Insecure work is more often done by women than men: in 2012 there were approximately twice as many women on fixed-term contracts as men, and women were a large majority of casual workers.” [CTU, Under Pressure: a detailed report into insecure work in New Zealand, 2013, p.14].

From the interviews undertaken, of the 80 teacher aides (from a representative sample of schools) 55% were employed on fixed-term agreements. 2017 data indicated 67 % of teacher aides were on fixed term contracts. Most fixed-term agreements have a term of 12 months, with start and end dates that align with the school year. The key reasons, cited by the teacher aides and supervisors interviewed, included funding constraints due to the operations grant and ORS funding.

The use of fixed-term agreements for teacher aides needs to be appropriate, and boards need to be aware of and meet their legal requirements, including a requirement to *have genuine reasons based on reasonable grounds for specifying that the employment of the employee is to end in that way*.

Information Gathering:

In order to better understand the issues that drive the use of fixed-term agreements for teacher aides, the NZEI Te Riu Roa and NZSTA will look at the trends in fixed-term employment use across the schooling network and seek information from schools through a combination of sampling and surveying, and the Ministry, which could include the:

- drivers of employers for using fixed-term rather than permanent employment agreements
- reasons given to employees offered a fixed-term agreement
- duration and frequency of fixed-term agreements both at a school and individual level.

By June 2020 the NZEI Te Riu Roa and NZSTA will have agreed an initial date for this work to commence.

Guidance and Support

The NZEI Te Riu Roa and NZSTA will jointly develop and deliver a package of resources, informed by the information gathered, to provide employers with teacher aide-specific advice regarding the use of fixed-term agreements. The resource package could include:

- jointly developed guidelines for use by boards of trustees, principals and business managers
- development of online tools accessible to boards of trustees, principals and business managers

SCHEDULE 8 – Variation to the Support Staff in Schools’ Collective Agreement
